Dear business partner,

we thank you for the partly very long and good cooperation and would like to inform you about a change in our company.

Torsten Thom, son of the founder Herbert Thom and managing partner from 2001 to 2019, has decided to hand over his company.

The IBV Group has taken over the company and will continue to run it in the usual form. In addition to the product portfolio of Thom, we have experience, especially in the field of packaging machines, through our further participation in the company Affeldt Maschinenbau GmbH, which we will use.

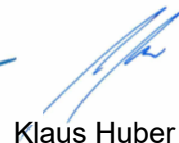

We are looking forward to a further good cooperation and are at your disposal for any questions.

with best regards

We would like to take this opportunity to sincerely thank Torsten Thom for what his father founded and Torsten Thom built up in the approximately 20 years and has now handed over to us!

We wish you, dear Torsten, all the best for your further life and thank you, also for the willingness of further occasional support.
